Miss Shippey lay helpless on the floor for two hours after the fall before she was found by a friend, Miss Clare McGovern, also of 341 Auburn.

She underwent surgery at St. Luke and now is coming along comfortably, according to Dr. Philip R. Woodworth.

## Mrs. McTavish Succumbs at 94

Mrs. Elizabeth K. McTavish, one of the oldest residents in Sierra Madre, died Tuesday night (Feb. 7) in her home at 164 San Gabriel Ct. She was 94.

Mrs. McTavish, a native of Nelson County, Ky., had lived in Sierra Madre for the past 46 years and in California for 50 years. She suffered a stroke about four years ago and had been in failing health ever since.

Sole survivor is a son, Gordon McTavish, also of 164 San Gabriel Ct.

## Prayer Day Sat., Feb. 10

Final plans for the 1956 World Day of Prayer observance in Sierra Madre were made by the Sierra Madre-Hastings Committee of Church Women at a meeting held Feb. 2 at the home of Mrs. Gordon Templar, 1220 Tropical.

Mrs. John Golden, chairman for the 1956 service, announced that the service would be held the first Friday of Lent, Feb. 17, at 10 a.m. in the Congregational Church, and that the date would be proclaimed by Mayor Charles H. James as World Day of Prayer in Sierra Madre.

The theme this year is "One Flock, One Shepherd," John 10:16. The service was prepared by women at the Cook Training School for Indian Christian Leaders, in Phoenix, Ariz., and includes the Indian versions of the 23d Psalm and the Lord's Prayer.

The program is divided into several sections, which will be led by a member of each participating church.

THE CALL TO PRAYER and PRAISE will be led by Mrs. Myron Smith of the Sierra Madre Methodist Church. PENITENCE will be conducted by the Congregational Church, as well as THE OFFERING. The THANKSGIVING will be given by the Church of the Ascension; the INTERCESSION by Mrs. Wendell Booth of Trinity Presbyterian. AFFIRMATION and BENEDICTION will be read by a member of the First Church of Christ, Scientist, Sierra Madre.

Women from all these churches also will cooperate to usher, take the offering, and sing in a choir directed by Mrs. Robert N. Schaper of Bethany Church. Mrs. Samuel Kirk will play the organ, and Mrs. Frances Mitchell will provide viola solos for the prelude and the offertory.

Care for small children during the service will be assumed by Mrs. Josephine Goodwin and Mrs. Louis McLelland.

The speaker for the day is Mrs. Bernice Ganfield of Los Angeles, long a leader in many phases of church work. She has served as president of the Los Angeles Presbyterial (which extends to San Diego and El Centro), as vice president of the Synodical, as president of the Long Beach Council of Church Women, and as pastor's assistant in Downey for two years.

She also has served on the Committee on Christian Social Welfare, the Long Beach Coordinating Council, as well as on the Committee for Good Government. She is active in inter-racial areas, and in youth work. In her own words: "Actually, I am interested in every phase of Christian living, and love to tell about it."

This year will mark the sixth

Sierra Madreans who are 75 years of age or more are asked to fill out the above form in connection with the celebration of the city's Diamond Jubilee celebration beginning Sunday the week of April 15. Special events planned for those 75 or over include a dinner in the Woman's Club in their honor, and tournaments and contests in which they will participate. Col. Walter D. Thuber is chairman of the affair. Send completed form to The News.

## Homecoming Plans Made for Diamond Jubilee Week April 15

All members of Sierra Madre churches who have moved away will be invited to return for the special Diamond Jubilee and Homecoming services in their former churches here on Sunday, April 15.

A kickoff dinner will be held in the Woman's Clubhouse Monday evening, April 16. Heads of Sierra Madre organizations will be given posts of honor at the speakers' table.

Short talks will be made by Sierra Madre's first mayor, C. W. Jones, who will discuss the city's origin and growth, and by Sierra Madre's present mayor, Charles H. James, who will relate the city's promising future.

Every Sierra Madre resident who has friends elsewhere who formerly lived here will be invited to bring them "home" during Jubilee Week, starting April 15, for tea, lunch or dinner.

Plans are being considered at City Hall for a public reception

consecutive year that the women of Sierra Madre have conducted a World Day of Prayer service. The Sierra Madre-Hastings Committee of Church Women, now the sponsoring group, was formed as a result of the harmony experienced during former years in working together on the project.

Not all the participating churches are members of the National Council of Churches, and the women's group is not formally affiliated with the United Church Women, the national sponsoring organization.

For many years an annual day of prayer had been observed by ever increasing numbers of Protestant churches, until in 1947 the United Church Women of the National Council of Churches accepted the responsibility for planning and promoting the service.

It is they who each year invite women from a given country to write the service. In for-

mer years, services have been written in Argentina, India, Africa, Germany, China, England, Wales and Ireland. This year a very interesting and unusual program has been prepared by American Indians.

The World Day of Prayer was observed in 1955 in 20,000 communities in the United States and in 134 countries around the world. Services begin on the Tonga Islands where the Queen leads her subjects in prayer, and continues throughout the day around the globe, closing with the observance on St. Lawrence Island, Alaska.

The offering taken at the service is used by the National Council of Churches for home and foreign missions. In the United States it is apportioned to training and rehabilitation programs, and religious activities for Indian Americans, migrant workers, and other low income groups.

Abroad, it provides a training program for Christian leadership, rehabilitation of war-ravaged campuses, training for Christian women to assume leadership in public service, scholarships for girls, and other services.

## Mayor, City Clerk Seek Reelection

Mayor Charles H. James and City Clerk Marie Warfel this week indicated they will seek reelection in the April elections.

Nominating petitions for both are being circulated by Tom Schwartz, former mayor. "Both Mayor James and Mrs. Warfel are outstanding persons with a splendid record of service to the community," Mr. Schwartz said, "and I consider it an honor to circulate their petitions."

Councilman David S. Wood is the only remaining officeholder whose term expires in April. He has not yet indicated whether he will run. City Treasurer C. J. Pegler announced last week his intention to seek reelection.

## Area Youth To Become Eagle Scout

Thomas Emory Steele, son of Mrs. John A. Watkins of 1640 Perkins Drive, Arcadia, will receive the Eagle Award at the Court of Honor to be held Feb. 12 at 11 a.m. by Explorer Post 376 in Church of the Ascension.

After the ceremony, Mrs. Watkins will entertain 50 Scout officials and members of the post at luncheon in her home.

Other awards to be given include: Phillip Woodard, second class; Michael Woodard, third class, and James Atkinson, Star Scout.

Merit badges will be given to Christopher Mecca, for athletics, citizenship, stamps and cooking; William Smith, for cooking; and Richard Sewall, for home repairs.

God and Country Awards, a high honor bestowed by the church, will go to Thomas Emory Steele, Christopher Mecca, Robert N. Joehneck and Raymond H. Smith.

## Hedge Fire Doused With Garden Hose

A hedge fire at the home of Enrique Alonso, 259 E. Laurel, was doused with a garden hose before Sierra Madre firemen arrived on the scene at about 3:30 p.m. last Monday.

Firemen reported only minor damage to the hedge.

## Chest Elects N. Barrett

Attorney Newell Barrett, who has served two consecutive years as Fund Campaign chairman, was elected president of the Sierra Madre Community Chest Monday night by the new board of directors following a general membership annual meeting in the Community Nursery School. He succeeds Mrs. Edith T. Dane.

Mrs. C. L. Young was elected vice president replacing Donald F. Mon. Albert E. Morgan and Mrs. Burton Cousins were re-elected treasurer and secretary, respectively.

Seven directors elected to three-year terms on the 21-member board include: Albert J. Paus, Harry Reams, Lawrence Bevington, Mrs. Harry Elwood, Aaron Glaser, William Vensel and Mrs. Margaret Ascher. Mr. Paus and Mr. Glaser are members of the original board who agreed to serve again.

Officers and directors comprised a slate recommended by a nominating committee headed by Col. C. R. Gildart and including Mrs. Ascher, Mrs. Harold Pangborn, Mrs. P. R. Woodworth and Col. C. R. Morrison. All were elected unanimously. A vote of appreciation to Mrs. Dane was recorded.

In reporting on the 1955-56 Fund Drive, not yet concluded, Barrett said the \$6,070 collected to date of the \$8,000 goal is so short of expectations that it calls for "greater effort next year and perhaps a re-examination of needs and procedures."

He stated that another \$1,000 anticipated from AID contribu-

tions, combined with a small backlog from the previous year, may enable the Chest to meet its commitments to its eight local member agencies in 1956, many of them totally dependent on the Chest for operating funds.

The Red Feather agencies in Sierra Madre are: Boy Scouts, Girl Scouts, Camp Fire Girls, Civic Club Toy Loan, Community Nursery School, Family Service of Sierra Madre, Visiting Nurse Association and the Santa Anita District YMCA.

Delegations from these agencies participated in the voting Monday night.

A brief entertainment which preceded the business meeting was composed of three Indian dances by five teenage Boy Scouts, members of the honorary Order of the Arrow, from San Gabriel Valley. Among the costumed entertainers were Clan Chief Dave Sallan of Temple City and drummer and the former clan chief, Roger Groghan of Monrovia.

This was the second annual meeting of the Sierra Madre Chest, which was organized in 1953 to carry on the Kiwanis Club's Community Fund.

## Controlled Colors, Spontaneity Mark Exhibit by Edmondson

By Marvin Weese

The 19 paintings by Leonard Edmondson at the Sierra Madre Library present a comprehensive view of the art called non-objective.

They include some of his most noted works and the whole has an aspect of color richness that will be a broadening view to anyone.

Here is a recognized leader in this field. Edmondson paints an over-all design that may or may not be a composition. There is fantasy in form but no familiar image, no light and shade, no illusion of either time or space. The titles will not enlighten you for any one could apply to any other.

Their values lie in the controlled choice of colors which flow with the spontaneity of

chance. Some of these color effects appear to be the direct glazes of tile or enamel. Actually they are wet colors splattered on a wet surface, they flow and congeal in a manner similar to the colors of powdered glass applied on tile or metal and fused with high temperature.

There are many paint mediums used and often several are used in the same painting. There is variety in experiments with pigmentation but often the same patterns are repeated. To me the colors that flow and intermingle are more pleasing than the definite shapes that are outlined with hard lines and filled in with color.

These designs are definitely paintings but they are designs, not pictures. They suggest fabrics or the treatment of surfaces to be enriched with decoration. Non-objective design may present a new world but the colors are at least familiar, they speak a universal language. They stimulate imagination in the mind and one might only wish they had a further sense appeal, that they might create emotion in the heart!

What then is the object of non-objective painting? Everything must have a reason, and the object of free design could be its own non-objectivity. To be entirely free of tradition is a sure way to escape the commonplace. Color and form have no dimensions but light and shade, time and space are all confining and art must not be confined.

This is not to say that non-objective painting is not exacting of thought or talent. Do not be misled that this is a shortcut to art success. It is a wide, wide world and no art is a world in itself.

In his chosen field Edmondson has tenacity of purpose. His labor is tireless and his achievement has been rewarding. His work attains a sensual beauty seldom found in pigments. His fame is monumental. Only I am old-fashioned; to be objective you need an interest in the heart.

On the basis of incomplete returns, the appeal in Sierra Madre so far has netted \$2,800 out of a goal of \$4,000. Mrs. Julius E. Hammer-schmitt, local chairman, announced that the Mothers' March alone took in \$1,370. She added that there still is time to mail in contributions, since the final report will not be made until April.

## Last Performance Tonight

The Virtuosi di Roma in Action.

Virtuosi di Roma, unusual Italian instrumentalists, will close the 1955-56 Foothill Community Concert Association season when they appear tonight in Monrovia-Duarte High School Auditorium at 8:15.

Called by Arturo Toscanini "the great instrumental ensemble of this age," the Virtuosi di Roma first achieved American recognition during their short debut here in 1950. Since then they have made two transcontinental tours.

Fourteen musicians, each of them a virtuoso in his own right, make up the ensemble, which plays as a chamber orchestra in perfect proportion, while any one of the members may be called on to be a soloist.

Renato Fasano, the director, brought the ensemble together, searching all over Italy for the outstanding talents which

would combine into a chamber orchestra and still be of soloist calibre. Fasano himself is noted for being the youngest director of a national conservatory among the 12 in Italy.

Six violins, two violas, two cellos, a contrabass, a flute and a piano make up the ensemble. Much of the repertoire of the Virtuosi di Roma can be heard on Cetra-Soria records, and they also record for Decca. Their repertoire is a cross section of rare and beautiful music from several centuries and nations.

Mrs. Noren Eaton, Sierra Madre chairman for the past year, has a few extra tickets available for those wishing to take guests. There will be no charge for these tickets.

Renewals for next year's concert tickets may be made in the lobby of the auditorium this evening.

## Smog, Smog Go Away

From all sides of late I have heard the lament that this winter has seen the most atrocious winter weather in this area since Balboa's time.

As for me, so long as I needn't encumber myself with overcoat, galoshes, muffler and snow shovel, my cup is overflowing.

But this smog has got to go. For the past several weeks reports have come in from various agencies and commissions charged with exorcising this ridiculous nemesis. All of them bristle with facts and good intentions:

"Air pollution law violators haled into court during 1955 registered an astounding 650% increase."

But still the smog hangs on. "The year 1955 marked a renaissance in air pollution control activity."

Still, the smog hangs on. "Ten grants totaling \$295,367 have been passed out by the U. S. Public Health Service to start its special program of research into air pollution problems."

After these many years, a new research program is getting under way. And still, the smog hangs on.

Now, in the latest bulletin, has come word that an after-burner has at last been perfected which can eliminate the heavy, stinking trail left by trucks and buses. It's still too cumbersome to be applied to autos, but it works on trucks and buses.

Oh, boy! Now we're getting somewhere. But then I read further. No mention of any intention of putting these things to work right away. No announcement that some humanity-loving truck or bus company is buying them for immediate use. And no mention of the proposal of any law to make them use the things, humanity-loving or not.

What the devil is this? Another plaything? Let's pin these doo-dads on the trucks and buses and worry about the cars later.

Come on, boys, quit monkeying around. This smog has got to go.—W.F.T.

## City Lucky in Public Servants

The City of Sierra Madre is fortunate to have three public servants of the caliber of Mayor Charles H. James, City Clerk Marie Warfel and City Treasurer C. J. Pegler.

All have indicated they will seek re-election this April. The only other incumbent whose term expires is Councilman David S. Wood, who has not yet announced his intentions. It is hoped that Mr. Wood also decides to run.

Mayor James is a sophisticated gentleman who conducts council meetings smoothly and efficiently. He also has the courage of his convictions, as his past voting record indicates. Mrs. Warfel, likewise, runs

the city clerk's office competently and, in my opinion, in the best interests of city taxpayers.

Mr. Pegler has been city treasurer since 1914 and has been a resident of Sierra Madre for 62 years. It's doubtful if anybody knows more about the city and its government than the incumbent.

Councilman Wood is the youngest member of the Council and has a habit of getting to the heart of matters when perplexing problems are being tossed around. Sierra Madre will lose a valuable servant if Mr. Wood decides not to run.—H.W.E.

## Help the Red Feather

The Sierra Madre Community still needs about \$20,000 to meet its modest goal of \$8,000. This editorial is an appeal to residents to help meet that goal.

I realize it's disheartening to be subjected to one appeal after another—even when all are for worthy causes. However, the Community Chest drive has some points to recommend it over and above some of the outside fund-raising appeals to which you have been asked to contribute.

The most important point in its favor is the fact that, unlike national appeals, all the money raised helps agencies within the community. None of the proceeds goes outside the community.

Another thing: the goal of \$8,000 is a modest one, and is based upon a realistic estimate of the amount needed for the eight agencies involved during the coming year.

The Red Feather agencies here are the Boy Scouts, Girl Scouts, Camp Fire Girls, Civic Club Toy Loan, Community Nursery School, Family Service of Sierra Madre, Visiting Nurse Association and the Santa An-

ta District YMCA.

The budgets for these agencies were examined and pared carefully in arriving at the \$8,000 goal. If that goal is not reached, these are the groups which will suffer.

Because there is a limit to the number of personal solicitations which can be carried out by the relatively few volunteer workers, you can help by sending contributions directly to the appeal chairman, Newell Barrett, 28 W. Sierra Madre Blvd., or to Mrs. Margaret Ascher in the John C. Loomis office.

You may specify the agency to which you want your contribution channeled, or leave it to the discretion of the committee.

Also, it is not generally realized that residents working outside Sierra Madre can contribute at their place of work and designate all or part of their contribution to Sierra Madre.

The agencies here need the money. For most of them it represents all or the biggest part of their sustenance for the coming year. How about it? —W.F.T.

## 9th Annual Fight on Crime

The National Exchange Club, for the ninth year, is sponsoring National Crime Prevention Week. It began Feb. 12 and will continue through the 18th.

I have all the figures here to prove there is a need for a campaign against the snow-balling rate of crime, but I doubt if I need to quote them to readers of the News.

I doubt further whether News readers are in a position to do much about it, since our community happily is relatively crime-free.

However, I imagine a campaign of the sort conducted by the Exchange Club is effective, to an extent.

## What Do You Think?

Other day I rode the noon Arcadia-Monrovia bus from Los Angeles to San Marino. In front of me sat two men in deep and earnest conversation.

"Think he'll run?" asked one.

"Gosh, I hope so. But I'm scared to death he won't."

About whom do you guess they were talking? No, you're wrong. They were talking about what mattered most to them—whether or not Swaps would run at Santa Anita.

NEARLY EVERYONE else, though, is wondering if Eisenhower will run, and all the political experts are trying to look wiser that they feel. I frankly know nothing about it, and am a Democrat, which may bias even my sincere efforts at objective judgment.

But I don't think it is going to make half the difference many persons think it will. Recently I heard a nationally-broadcast Chicago-Tribune-type commentator say that where he was then Eisenhower wouldn't get half the vote he got in '52, the reasons being "fading glamour, unhappy farmers and indecisive foreign policy."

Also, I think, labor is convinced he leans too much toward big business, and so do many small business-men and small farmers.

I'm not saying those claims are right or wrong; just telling what people think. I think that, personally, most of us like Ike very much—I do myself—but feel the next four years are going to be crushingly hard on whoever is President, and do not like to put such burdens on a sick man. A lot of us also feel our diplomacy, as spearheaded by Dulles, has not been diplomatic, and we have lost prestige instead of gaining it.

So I think that even if Ike runs the race is going to be very close, and we'll elect a good American we can all admire and pray for, whether his name be Stevenson or Eisenhower.

TRUCK DRIVERS have won the title of "knights of the highway." But it would be pleasant if a few of them didn't always seem to think they are driving racing cars—except when you get behind one going up a long, steep grade.

NOW THE SCHOOL election is all over, we are all proud of the way our town came through. And the election showed what effective organization and work can do. Three mothers of school children called me up, so effectively that I was tempted to try to vote three times.

I THINK WE'RE lucky to have such a conscientious, public spirited and capable man as Al Morgan for our Chamber of Commerce president. . . . But, say! After that story he told at the installation dinner I thought maybe we ought to have another invocation.

## Around the Square

Danny Peterson left town last week to enter Cal at Berkeley. Son of Charles and Marjorie (Mama Pete) Peterson, Danny takes a lot of honors along with him. He was chosen Mr. Teen-ager of Southern California last summer by the TV "Teen-Age Trials"; he's a past president of Semanons, and back in his youth, like 9th grade, he won the Ford Industrial Arts Award in architecture. He will major in architecture, of course.

AN UNLISTED VICTIM of the big rain was Ginny Pratt, who fell off the family roof while trying to stop a leak. Result—torn ligaments in arm.

LAST WEEK'S election had some sidelights: Pat (Aaron) Glaser, who was healing the ward and predicting the precincts within 17 votes, overheard his daughter describe his condition—"Oh, Daddy! He's running around in squared circles."

And other areas may have their Minute Women, but we have our Last Minute Women. Evelyn (Mrs. P. R.) Woodworth arrived precipitately at Margaret (Mrs. Harold) Pangborn's shortly before the polls closed. "There's a yes-vote woman down the street who can't leave her baby to go vote." So Margaret sat with the baby, Evelyn drove the woman to vote and Harold looked at his dinner-less table and wondered.

## Letters to the Editor Column

Dear Sir:

It seems from Mr. Shippey's column of Jan. 5 that he would not want to buy a General Motors or Ford car because their profits are too high.

I have some good news for Mr. Shippey. Upon request I will send him a list of car manufacturers who do not make any profit or practically none. However, since I have read so many nice things about Mr. Shippey, I ought to do better than that, so I am sending his name as a hot prospect to a Kaiser dealer. The manufacturers of this car have never made a profit but have lost millions of dollars every year. When he rides in his shiny new Kaiser he will have the double satisfaction of knowing that he has paid no manufacturers' profit but has added his wee bit to their deficit.

Mr. Kaiser would like for Mr. Shippey to call off his drive to get car prices reduced by

General Motors and Ford as that would put out of business all of the smaller manufacturers.

Since I have saved Mr. Shippey all manufacturers' profit I hope he'll show his appreciation and take me for a ride in his new car.

Yours truly,  
H. L. GOULD.

To the Editor:

I wonder what the reaction was of a lot of people in Sierra Madre the night of the 16th when the lights went out.

If you knew that, you would no doubt have some interesting stories of people, their moods and how they act in emergencies.

For some, it was annoying. Others burned up the telephone wires wanting to know what and why. It spoiled someone's TV show, and others' dinners.

The first thing my husband said after a while was: "If this keeps up, this is one night you will have a good reason for not doing the dishes."

Then there are those who got a big kick out of it, getting out the leftover holiday candies, or firing up an old lamp they had kept because it belonged to Grandma.

For us, after the first startled minutes were over, we thought it would be fun to eat by candle light like they do in expensive restaurants. Having an electric range, the food was not too well done, but we like our steaks rare anyway.

It was fun and the children played "pretend that there never was any lights!" It was a little romantic, too. Because it was a change from the usual.

Afterwards we played with the children in front of the lighted fireplace. Building the things for them with their tin-

ker toys. In fact it brought the family closer together, as it used to be in the days of no nights, radios and TV. Doing things together in the evenings when there wasn't much else to do but to go to bed.

For some, the good old days we read about must seem like fun, serene, and happier family ties, playing with the children, reading to them, giving them more of yourselves. So because the lights went out for a time we found out how much happier and closer we could be if we did this more often.

MRS. RALPH MARTIN.

Dear Editor:

Heartiest approval of Mr. Lee Shippey's recent suggestion to plant more trees in our town!

Let's just have lots and lots of trees, huh?

Sincerely,  
(Mrs.) CORA B. JENSEN.

### Dorene Clair Mallory Is Wed To James Charles Matheny

Dorene Claire Mallory, daughter of Mr. and Mrs. Carl Edwin Mallory, former Sierra Madreans now living in Monrovia, became the bride of James Charles Matheny, son of Mr. and Mrs. Charles Matheny of Temple City, in a double ring ceremony at First Methodist Church, Pasadena.

The Rev. Claude Smith officiated, as he did when the bride's parents were married in the same church some years ago.

She wore a white nylon tulle and Chantilly lace over blush pink satin gown. The fitted long sleeved bodice was of the lace and the full skirt and cathedral length train was fashioned of tulle with bands of lace. Her finger-tip French illusion veil was held in place by a coronet of iridescent and pearls. She carried a bouquet of white orchids and lilies of the valley.

**Gretchen Slinger**, maid of honor, was attired in a pink crystalline ballerina length frock with pink net ruffles on the bouffant shirt and around the neckline. She carried red roses and red carnations.

The bridesmaids — Barbara Johnston, Mary Harper, Carolyn Gresham, Mary Ann Morse, cousin of the bride; Deanna Matheny, sister of the groom, and Evelyn Schaffer wore identical dresses in ruby crystalline, trimmed with pink net ruffles, and their bouquets were of pink carnations and red roses.

The flower girl, Nadine Morse, cousin of the bride and daughter of Mr. and Mrs. Charles Morse of Pasadena, wore a pink embroidered organza over taffeta dress and carried a nosegay of pink carnations and roses.

The ring bearers were Larry and Ronnie Morse, also cousins of the bride and sons of Mr. and Mrs. Melvin Morse, of Sierra Madre.

Richard Matheny, brother of the groom, was best man and the guests were seated by Teddy Richardson, Jim Mellin, John Thurman, Herb Kostlan and Ken Perry.

The bride's mother was attired in a steel blue silk gown with white accessories and her corsage was of white orchids.

The groom's mother wore a gray taffeta dress with gray accessories and a corsage of orchids.

Mrs. Arthur Morse, the maternal grandmother, chose a mulberry crepe dress with pink accessories. She also wore an orchid corsage. Mr. Morse was also in attendance.

Mrs. Sarah Mallory of Pasadena, paternal grandmother of the bride, was also in attendance at the wedding.

## Army Engineers Cite Progress Of Area Flood Control Works

Construction of debris basins has "materially reduced" the danger of flood damage such as occurred in the Sierra Madre and Monrovia areas in 1953, according to Col. Arthur H. Frye Jr., Army district engineer.

Col. Frye, quoted in a report prepared by the office of Rep. Edgar W. Hiestand, 21st District, referred to Sawpit Debris Basin, completed north of Monrovia a year ago, and Bailey, Auburn and Carter Debris Basins, north of Sierra Madre. All the basins were built by the Army Corps of Engineers.

Brown, Lannan and Floral Dams in the same areas have been completed by the U.S. Forest Service to tie in with the basin system.

But the major project, as yet incomplete, is the embankment, spillway and outlet works on the San Antonio Dam at the extreme end of the valley. This \$3,407,800 project, which is not in the L.A. County drainage area, is scheduled to be completed this spring.

The projects completed are part of a \$380,000,000 flood control program begun in the county by the Army engineers in 1938. To date about \$190,000,000 has been spent.

### Bethany Church Retreat Set This Weekend at Forest Home

Lakeview Lodge at Forest Home, Calif., will again be the scene of the retreat of the boards of elders, deacons and trustees of Bethany Church. The group will leave Friday evening and return Saturday evening.

Dr. Schaper, pastor, announced that these sessions have proved of unusual blessing in the administrative life of the church for the past two years. The time there is taken for uninterrupted meditation, prayer, Bible reading and discussion of church plans and objectives.

Dr. Schaper will preach at both services this coming Sunday. Earle Anderson, baritone, again will participate in the evening service at 7 o'clock.

This past Sunday saw the Building Note Drive reach approximately \$75,000. There still is opportunity for interested investors to purchase notes that will pay 5 per cent interest semiannually until maturity.

### Youth Evangelist At Bethany Draws Record Crowds

"Uncle Henry" Harms, Youth Gospel Crusade preacher, is presenting his program of visualized Bible messages to record crowds at Bethany Church this week.

Featuring a varied program of magic, films and special "black-light" artistry, the youth evangelist is reaching the interests of young and old. Especially appreciated has been the order and reverence of the services, impressing the young people with the worthwhile character of the meetings.

The services continue through tomorrow night at 7:30, with special prizes for those bringing new persons to the meetings.

### Faith Lutheran Starts Vespers Wednesday

Beginning Wednesday evening, Ash Wednesday, midweek Lenten vespers will be conducted every Wednesday evening at 7:30 p.m. in Faith Lutheran Chapel, 835 Hastings Ranch Drive.

"The pastor and members of Faith Lutheran Church regard the Lenten period as a time for special meditation upon the substitutionary suffering and atoning death of the Lord Jesus Christ," according to the Rev. A. Hesse, minister of the church.

In his midweek meditations this year, the pastor will employ filmstrips which depict the Holy Week events in Christ's life. On Wednesday evening he will speak on "The Last Journey to Jerusalem."

These 45-minute services are designed to have a worship and an educational appeal to adults and children as well.

Dear Martha:

The Sierra Madre News can certainly add me to their list of enthusiastic supporters. Your paper proved its action-getting results to me recently by selling both of the above homes in a short period of time.

The Sierra Madre News, in my opinion, offers the most reasonable classified rates of any San Gabriel Valley newspaper in which I have advertised.

Sincerely yours,

Bill Williamson, Beck & Rice.

Around the first of March the free copies of the Sierra Madre News that have been thrown away in some of the newer areas will cease.

However, the paper is making a very attractive offer to those who have come to look forward to the paper and would like to receive it weekly by mail.

As you may or may not know, the subscription price is \$3 per year. During the month of February, the paper is going to turn \$2 of the \$3 over to the Hastings Ranch Guild of the Cystic Fibrosis Foundation on new subscriptions and \$1 on renewals.

Our area will be canvassed by these ladies and I, too, will help by taking subscriptions over the telephone. What a wonderful opportunity to donate to a most worthwhile research and at the same time get something in return that you enjoy reading.

**DR. AND MRS. JACK** Paschall Jr., of 1324 Sierra Madre Villa, entertained at a dinner party on the 3d. Among those attending were Mr. and Mrs. George Holmes, Mr. and Mrs. George McRoberts, Mr. and Mrs. Matthew Meridith and Mr. and Mrs. Bob Hanson. On the 4th their 10-year-old daughter celebrated her birthday with a theater party followed by refreshments. Among those attending were Misses Joan Zook, Susan Fish, Barbara Ward, Janice Avedesian, Susan McGliven, Kathy Parks, Sheila Peters, Janet Holmes, Judy Ong and Cynthia James.

**MR. AND MRS. DON C.** Jaxthelmer, of 1440 Old House Road, spent the 5th and 6th in Palm Springs attending, among other things, a big breakfast given by Mr. and Mrs. J. W. McCrea, who are staying at the Bing Crosby Trailer Camp.

**MR. AND MRS. BURTON** Dake, of 2007 Villa Heights, and their four children, Stevie, Robin, Debbie and Ricky, spent the weekend visiting friends at Lake Arrowhead.

**MR. JACK GRIFITH**, of 1155 Mesita Road, and Mr. R. L. Fox, of 1150 Mesita Road, took the neighborhood children to the Griffith cabin in Wrightwood, which I am told is located near Big Pines, for an outing last weekend. Among the children in the party were Carol and Barbara Siechert, Lynn and Joey Zook, Bryan, Ronnie and Dennis Fox, John Saurenman, Heather McKenzie and Carol and Barbara Griffith.

**MR. AND MRS. H. M.** Bucher, of 3283 Mesaloe Lane, have been entertaining Lord and Lady Essendon of London, England, during their trip to the Southland. Lady Essendon and the Buchers were friends for years before she married and moved to England. They plan to be back there by the middle of April.

**MR. AND MRS. NEAL** Batterson, of 3127 Doane Road, and Mr. and Mrs. Laurence Dietzel, of 3119 Meyer Loop, enjoyed the Bost Pops concert last Saturday evening.

**MRS. BURTON DAKE** of Villa Heights, and Mrs. Jack Griffith asked me to express their thanks to the many mothers who got out on that cold Tuesday night and helped with the Mothers' March. I was told that well over \$300 was received in the Sierra Madre Villa area alone.

## Rival Newspaper Has First Publication

News that a rival newspaper in this area was being published without any forewarning sent the staff of the Sierra Madre News flying in all directions to get the facts. They returned to their desks, relief on every face, after they discovered that the "one-pager" had a circulation limited to "members only."

This enterprising new month-

## SPANISH CLUB TO MEET

On Feb. 12, from 2 to 4:30 p.m., the monthly meeting of Los Buenos Vecinos will be held at the home of Mrs. Marion Zimmer, 8524 E. Garibaldi, San Gabriel. Los Buenos Vecinos, which means "The Good Neighbors," is a group of persons interested in the practice of conversation in the Spanish language.

## TRAVEL FILM

Marion Dix, news commentator, film producer, and world traveler, will narrate her colored motion picture on "The Philippines, Pearl of the Orient and a Pattern for Democracy" on the Pasadena City College's Tuesday Evening Forum Feb. 14 at 8 p.m. in Sexson Auditorium.

THESE ARE THE WOMEN who are heading the fund campaign for the Cystic Fibrosis Foundation of Hastings Ranch. The organization started selling subscriptions to The Sierra Madre News last week. The foundation will receive two-thirds of each new subscription and one-third of each renewal.

They are, from left, Mrs. Charles R. Hardison, vice president; Mrs. Victor Coffee, historian; Mrs. Glen Highman, president; Mrs. Richard Perley, party chairman; Mrs. E. E. Swanson, treasurer; Mrs. Matthew Slavin III, secretary, and Mrs. E. J. Caldecott, membership chairman.

Alpha Phi Again  
Helps Out in Drive  
For Heart Fund

February, traditional month of hearts and valentines, again finds members of Alpha Phi sorority busy aiding the Los Angeles County Heart Association in its annual "Heart Fund Drive." This is the second year Pasadena area Alpha Phi have taken action as a group and individually, to further this important work.

Cardiac Aid has been the national philanthropy of Alpha Phi for the past eight years and the sorority has contributed more than \$190,000 to heart research. Funds are directed to the Children's Hospital in Los Angeles, the Herick House Convalescent Home for Rheumatic Children in Illinois and Minneapolis Heart Hospital for research fellowships.

In addition to this, local Alpha Phis have equipped a cardiac examination room and have endowed a bed at the Children's Hospital.

Mrs. Robert L. Farmer, president of the Pasadena Alumnae, will preside at a meeting Feb. 14 in the Arcadia home of Mrs. Willis Stork, 1588 Oakdale. At this time, members will hear a representative from the Los Angeles Heart Association speak on "Using your head to save your heart."

Mrs. Ted Spence and Mrs. Dunbar Burdick are among the sub-chairmen for the office volunteers. The work of this group includes typing, telephoning, sorting supplies and stuffing the workers' kits.

Those members from the Ranch working on the committee are Mrs. Farmer, Mrs. B. A. Hyde, Mrs. Joel S. Coffey and Mrs. Peter D. Kelly.

## Ranch Drive Gets Under Way

Within the next couple of weeks, a member of the Hastings Ranch Guild of the Cystic Fibrosis Foundation will call on each resident in the Ranch to subscribe to The News.

This activity is in line with The News' announced policy last October that solicitation would follow the four-month "get-acquainted" period of free deliveries, which will end March 1.

Two-thirds of the proceeds from each new subscription and one-third of each renewal will go to the Cystic Fibrosis Foundation, which was formed to fight the mysterious disease which kills thousands of children each year—and for which there is no known cure or certain control.

At the conclusion of the subscription drive, a drawing will be held. The subscriber holding the lucky number will receive a Broil-Quick Rotisserie.

The News will continue free deliveries throughout the drive until March 1. On that date free deliveries will stop.

A newspaper built on paid circulation is a more independent and worthwhile newspaper and can more honestly serve its community. Your cooperation is needed.

Two Ranch Residents Named  
Directors of Flower Show

Two Hastings Ranch residents—Mrs. Charles Ayres and Ronald Townsend—have been elected to three-year terms on the 15-member Board of Directors of the Pasadena Flower Show.

Mrs. Ayres, 3880 Canfield, was first president of Las Jardineras upon its organization last year and is the 1956 project chairman for the ranch home and garden club. The Las Jardineras exhibit at the 1955 flower show was a first prize winner.

Mr. Townsend, who lives at 755 Rim, is superintendent of the Park Department for the City of Pasadena, and is president of the Southern California Horticultural Institute.

They were elected with 13 others at a recent reorganization meeting of the show, with terms of office staggered so that some will serve three, some two and some one year terms.

Elected president of the board, and also a three-year member, was Victor Pinckney, nationally-known flower show judge, landscape architect here and abroad, a former manager of the Pasadena Show and for the fifth year manager of the flower show at the Los Angeles County Fair. He has lived in Pasadena 15 years.

Other officers and their terms on the board are:

Ken Djo, one year, first vice president, a landscape architect and prize winner with his oriental exhibits; J. Harold Mitchell, three years, second vice president, noted for his tree and shrub work; Mrs. Charles Meggs, two years, treasurer, active in a number of Pasadena charitable and civic organizations; Mrs. Luis Odriola, one year secretary and director of public relations, also prominent in Pasadena social and civic affairs.

W. R. Bevans  
ON TV Show

Mr. and Mrs. William R. Bevans, 1390 Tropical, and their three children, Mark, Roxanne and Peter, recently appeared on Art Linkletter's "House Party," a TV and radio show.

The main purpose in their being on the program was to let the children's great-grandmother, Mrs. Frances Slapnick of Joliet, Ill., see them. She has been unable to come to the West Coast and seeing them on the TV screen was her first glimpse of them. It was a very exciting experience for all concerned.

## LAS VEGAS HOLIDAY

Dr. and Mrs. Nathan Miner, 1115, Tropical, have returned from an enjoyable stay at the Hotel Riviera in Las Vegas, Nev.

## Hastings Teen Times

By Judy Jennings  
ELgin 5-1088

Wilson's men faculty members challenge the tenth grade boys to a softball game and a basketball game each year. Last week the annual basketball game was played, and the teachers clobbered, but good, the tenth grade boys. Oh, well!

THE SEVENTH and eighth grade boys from all the core rooms had gymnastic competition against one another. Mrs. Hargrave's fifth and sixth hour core entered with only two boys, Paul Jacobs and Lynn Anderson, and won with 25 points. Those two boys really are good. Mrs. Cogswell's came in with 16 points for second place.

LAST FRIDAY a special assembly was held to introduce and sign in Wilson's new officers. Some of the girls from Mrs. Lowe's Glee Club entertained.

## REPORT CARDS are out.

## GRIFITH EXHIBIT

"The Northern Lights and Other Sky Colors," Griffith Park Observatory's popular planetarium show which focuses attention on nature's own gorgeous hues, has launched its one-month 1956 run and will be presented through Wednesday, Feb. 29, it was announced yesterday by the Los Angeles City Recreation and Park Department.

By David Brearley  
SYcamore 8-7430

Quite a ceremony was held at John Marshall Junior High last Friday. During the assembly, Dr. Wilson, our principal, swore in the students who won the student body elections.

KATRYN GRIFITH and her family spent days planning to go to the snow. At last everything worked out fine so they could get away together. This was last Friday. Just before driving away, someone suggested phoning the resort. They did, and the answer was, "No snow." Oh, well, it was a nice thought.

IF YOU SEE a real proud ninth-grader at Marshall with his chest sticking out, it may be Biff McComas. He has two beautiful sisters who are in the news these days. Carole McComas, who graduated from Marshall, was one of the members of the freshman class at Brigham Young University in Provo, Utah, who was chosen to be a member of the university drill team. After a lot of training, this team performs at the games and other university events. Biff's other sister, Sally, is one of the finalists in the contest for "Miss Explorer Queen" of the San Gabriel Valley Council of the Boy Scouts of America, held at the Civic Auditorium Feb. 1. The announcement of the winner will be made at the Pasadena Elks Club on Feb. 17. We're sure hoping Sally will win.

KAREN MORRIS tells us there are a lot of plans being made by the Girl Scout Mariners these days. Seventeen of these seagoing gals are trying to raise about \$300 to pay for either a three-day cruise to Catalina or a five-day trip to Santa Barbara. (Note—don't forget the seasick pills, yuo salty sailors.)

FEB. 2 WAS THE DAY when about 1700 Marshall students either moaned in misery or jumped with joy. The reason: it was report card day, and you could tell by the expressions around you who had the high or low grades. Who was it who used to say, "The more you work, the more you get?" Of course, this depends a lot on the teacher, too.

Advice from the old-timer: "The best way to keep a friend is never to lend him money."

## R. J. FOLLMERS RETURN

Mr. and Mrs. Robert J. Follmer, 1190 Tropical, recently returned from a week's vacation at Phoenix, Ariz.

The Trinity Presbyterian Church welcomed its new Minister of Visitation, the Rev. Robert J. Elwood, at last Sunday's service.

He has accepted the invitation of Sessions to serve, and began his duties the first of the month. He will fill the important job of contacting potential new members for the church, as well as track down members from other areas who have settled in this area but have not relocated in a church.

The Rev. Elwood lives with his wife at the Monte Vista Grove Homes at 2889 San Pascual St., which is maintained for retired Presbyterian ministers and missionaries. He frankly admits he never saw a busier group of retired people. The Rev. C. Mansfield Mills also resides there. He will be well remembered at Trinity for supplying the pulpit before the Rev. Donald H. Ostrander arrived.

Born in Belfast, Ireland, one of six children, the Rev. Elwood is the only member of his family who chose the ministry. He came to this country with a group of Irish students when he was 19, and spent three years in San Francisco. He returned to Belfast to enter Queen's College.

With his bride, the former Margaret Smith, he shortly returned to this continent and settled in Winnipeg, Canada. He gained his college diploma through correspondence that year.

Shortly thereafter, they joined a group of students to journey to Chicago for a Bible course. During this period they had two children—a daughter and son, born 15 months apart.

He entered the McCormick Seminary for Presbyterian ministerial candidates next, and was graduated. (This is the same Seminary from which the Rev. Ostrander later graduated.)

He was called to be pastor at the Presbyterian Church in Kadoka, South Dakota, where he served eight years. Next they went to Kansas, where they spent 17 years in three different churches.

The last post they held was in Oakland, Calif., where they both served on the staff of the Fred Finch Children's Home, a home for 70 children, six to eleven years in age, from broken homes.

The Rev. Elwood was honorably retired in September 1955 and last December moved to his present address in Pasadena.

They are very proud of their four grandchildren. Their daughter, married to a Presbyterian minister in Needville, Tex., has three daughters, and their son, a Presbyterian minister in Maryville, Tenn., has a small son.

Mrs. Masser to Be  
Hostess Tonight  
To Sorority Alums

Alpha Chi Omega Junior Alumnae of the San Gabriel Valley will meet at 8 o'clock tonight at the home of Mrs. Harry Masser, 3890 Canfield, with Mrs. Phillip Henderson and Mrs. George S. Hussey serving as assistant hostesses.

In addition to the regular business meeting, Mrs. Nina Kearns, noted for her flower arrangement technique, will present a program of arrangements and discuss design and the use of varied forms and sizes of containers. The program has been arranged by Mrs. John L. Dieman.

Among residents of the Hastings-Sierra Madre area to attend are Meses. M. W. Beifuss, William Caldecott, Harold Voegelin and Norman Anderson.

'Painted History'  
Program Planned

Mrs. Homer Wishek and Mrs. Alvin Lenz will present a "Painted History of the San Gabriel Valley" at the Feb. 15 meeting of the Foothill Area Panhellenic.

The two Arcadia artists have had their works represented in museums. Nearly three years ago they began painting large watercolors of Valley landmarks and now have 70 paintings depicting the history of the area.

Wednesday's meeting, which begins at 8 p.m., will be at the Arcadia home of Mrs. J. T. Keyes, 750 W. Orange Grove. Hostesses will be Mrs. H. E. Manker, Mrs. William Crawford, Mrs. Richard Cooley and Mrs. M. L. Finkenbinder.

## MEANS FUNDS FOR CYSTIC FIBROSIS

CAMPAIGN NOW IN PROGRESS  
IN THE HASTINGS RANCH  
CONTINUES THROUGH FEBRUARY

### What Is Cystic Fibrosis?

It is a mysterious disease which kills thousands of children each year. The first diagnosis in a live child was made only 17 years ago. It is estimated that cystic fibrosis, a disease of the lungs and pancreas, will affect one out of every 1,000 children born in the United States. There is as yet no known cure or certain control. More than 200 tiny victims of cystic fibrosis are in Children's Hospital in Los Angeles alone, and there are thousands more throughout the country.

### What Is the Cystic Fibrosis Foundation?

It is a two-year-old group formed to raise funds for research in the cause, treatment and eventual cure of the disease. Funds are desperately needed to provide an adequate research program. This program must first isolate the basic cause of the disease, then work toward a cure.

### Where Do Contributions Go?

Under a small grant from the Moore-White Medical Foundation of Los Angeles, the CF Foundation initiated a research program at Children's Hospital in Los Angeles. A large grant from the Santa Anita Foundation will provide a research laboratory for five diseases, one of them cystic fibrosis. As yet, however, there is little or no money for operating expenses.

Contributions will go for this purpose, and also to increase the research and education program of the CF Foundation.

### What Is the Hastings Ranch Guild?

A group of 35 women has formed a guild to support the Foundation and to inform the public of the urgent need for a concerted attack on this child-killing disease.

Medicines prescribed by your doctor for a specific illness should be used only during that period. Once medicines have achieved their purpose, they should be discarded. Old medicines often become ineffectual, for time robs the potency of certain drugs and pharmaceuticals.

Don't permit possible danger to lurk in your medicine cabinet. Discard old medicines, drugs, antiseptics, once they have served your purpose. If illness invades your home, always consult your doctor first—then rely on us to give you prompt prescription service.

## Top Entries Set as Starters In San Antonio Handicap

Saturday's \$50,000 San Antonio Handicap at 1 1/8 miles at Santa Anita will bring to the post some of the world's greatest turf stars and jockeys.

It's the last big test for the \$100,000 - guaranteed - to - winner Santa Anita Handicap on Feb. 25. Gates open at 11 a.m. and the first race is at 1 p.m.

Top horses of the meeting have been nominated and are counted on as definite starters. The list includes Trackmaster, hero of The Maturity; Bobby Brocato, the two-times stakes winner; Rejected, Nagpuni from Australia, Traffic Judge,

Jet Action, Mister Gus, Porterhouse, Alidon, Honeys Alibi, Manotiek and Beau Busher among others.

Champion Swaps also has been entered. Owner Rex C. Ellsworth and Trainer Mish Tenney have announced they have confidence they can get the great Cal-bred to make his long-awaited first start of the year, despite a slight recurrence of the foot ailment.

Swaps couldn't make it for The Santa Catalina on Jan. 21, nor for the San Carlos on Feb. 1, so his chances of getting up to The San Antonio on Saturday is a question that his stable connections will have to solve.

They have to consider that the winner of the Santa Anita and Kentucky Derbies and five other major stakes will be facing the toughest opposition in his career and at high weight. To be run during Santa Anita's seventh week of racing will be the \$15,000 Santa Su-

sana Handicap for fillies on Wednesday. The following overnight features also are carded: Knights of the Round Table, McBean Stud, Farmers Fair (Tuesday); Lyncrest Farm, State Colleges (Wednesday); Pasadena J. N. Sartorius, Oaklane Ranch (Thursday); Seabiscuit, Ventura County Fair, Merryman Farm (Friday); Northridge Farms, Fair Trukle (Saturday).

Preparations are in progress for the big Lincoln's Birthday

## EQUALIZATION

Most families could make both ends meet if they could fit their earning capacity to their yearning capacity.

Celebration at Santa Anita on Feb. 13. The annual George Woolf Memorial Jockey Award will be made to Johnny Adams at a public paddock ceremony at 12:15 p.m. and the \$25,000 San Luis Rey Handicap on the turf course will be the racing attraction.

## Sports in Haste . . .

## Adults, Stand Aside; Here Comes Little League Baseball

By Charles Ayres

Nothing since Harry Truman pulled that sneaker on Tom Dewey in 1948 has gotten Ranch residents as fired up as Little League baseball.

During the period from May through July the male small fry take over and traveling on our streets during the day is hazardous, to say the least. Not that there is any great danger to these muscular midgets but the steel and glass our present day cars are made of just can't stand a well directed baseball bouncing off them without showing some ill effects.

It's not only the boys that make life miserable for the resident who wants nothing so much as to be allowed to maintain his property without having his lawn and shrubs torn up in a frenzied search for a little white ball.

Many a Dad is out there trying to develop a little more skill in Junior in hopes it will pay off in the big game.

Here in Hastings Ranch all boys between the ages of 8 and 12 are given an opportunity to play baseball. All they have to provide is a desire and a birth certificate.

When you see the amazing skill that they display on occasion and their overwhelming enthusiasm, it's awfully hard to remember they're just young boys.

Anyone who has attended our Little League games can attest to that. Unfortunately many parents and adult spectators lose sight of that fact and get "carried away" in a tight situation.

It's amazing how parents expect their offspring to be another Babe Ruth or Bob Feller. Little League headquarters is well aware of this problem.

## Juvenile Study Workshop Set By League of Women Voters

The League of Women Voters' Workshop on "Juvenile Protection Begins An Evaluation of the Agencies for the Protection of Children in the Pasadena Area" will be the next item of local interest to be studied by the League of Women Voters. This is a continuation of the study made last year on a county-wide

Mrs. W. L. Barr, the director of the local juvenile study, was an active participant in the county-wide study, and her experience and research will be invaluable in the study on the local level. Assisting on the committee will be Mmes. Charles Coven Jr., Norman Shriver, Wayne Blackman, Conrad E. Walburger, Charles W. Cole and other members of the Pasadena League.

## YMCA District To Hear Talk by College President

Dr. Robert E. Burns, president of the College of the Pacific at Stockton, will be the featured speaker at the 27th Annual Meeting of the Santa Anita District YMCA to be held Feb. 14 at 6:45 p.m. in the Arcadia Presbyterian Church.

sion and has been a member of the California State Parks Commission since 1951.

In 1946, he organized the California History Foundation at Pacific, devoted to research and projects relating especially to the American period of California history.

A full program, including a musical program, installation of board members recently elected to the District YMCA Board, which serves in the communities of Monrovia, Arcadia, Duarte and Sierra Madre, as well as the presentation of a "Service to Youth" plaque for outstanding service with young people, is being arranged.

Reservations for the dinner should be made at the District YMCA office, located at 941½ W. Foothill Blvd. in Monrovia, or by phoning EL 8-5155. Reservations should be made not later than Feb. 10.

## GOOD THINGS COME IN PEARS

During the months when other fresh fruits are seasonally scarce, flavorful fall and winter pears are readily available. You'll enjoy good things when you add them to your meals and in-between snacks.

## CALIFORNIA VARIETIES

Two well-known varieties of winter pears are widely grown in California.

The Comice (pronounced Com-eece) is a large green-skinned pear that ripens to a light green color. It is especially delicious to eat out of hand and to serve in salads. You'll find Comice pears in the market until late January.

The Winter Nellis (pronounced Nell-is) is a small russet pear that is at its best from December to April. It is a fine all-purpose fruit that you may serve raw or make into wonderful pies and other cooked dishes.
